

RESORT ISLAND MATTRESS

HEIGHT: **30 CM**

COMFORT: **MID-FIRM**

SUPPORT: **FIRM**

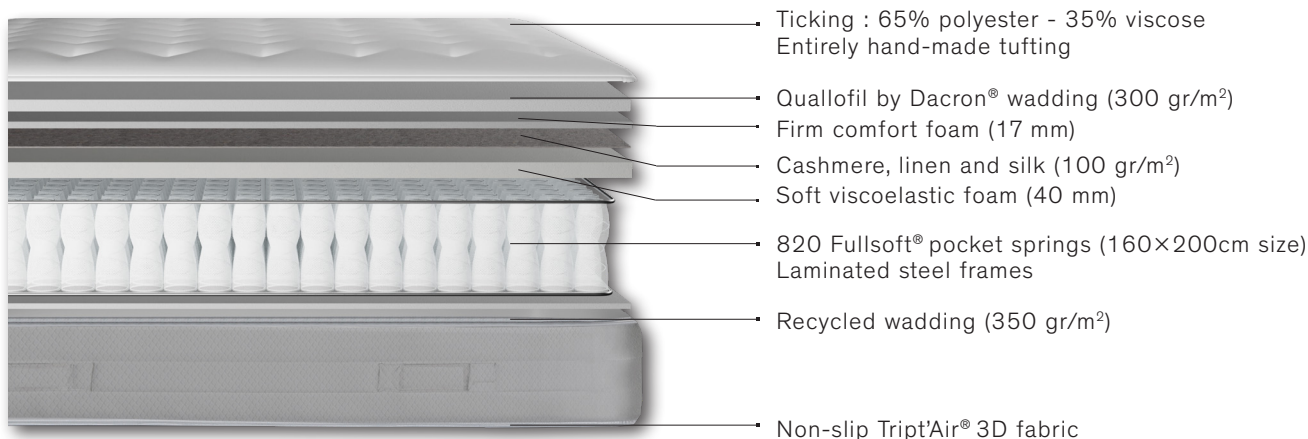

+ THE BEST COMBINATION:

Restorative, revitalising, re-energising and regenerative sleep by Simmons. The RESORT ISLAND mattress is inspired by the very best hotels in the world and uses leading technologies and materials to give you a restful sleep, a true moment of rest to prepare you for the day ahead.

Enjoy the quality of engineered Simmons® pocket springs	Creator, inventor and specialist of pocket springs since 1929, Simmons® manufactures and develops its own pocket springs in factory in Saint-Amand-Les-Eaux in France. 100% French manufacturing and know-how.
Sleeping independence	The pocket springs work independently so your movements won't disturb your partner.
A perfect muscular relaxation	With the Fullsoft® suspension, composed of unique patented pocket springs, discover weightless sleep: feel like like you're sleeping on a cloud From the very first contact, the welcome you receive gives you a sensation of softness. You are light, as if carried away and your spine is perfectly supported. This sensation is prolonged thanks to the association of the firm comfort foam, your body is supported and gently enveloped.
No need to flip your mattress!	The No Flip® system provides you with stable comfort all year round! No need to turn your mattress.
Deep recovery at an ideal temperature	Blend of noble and natural materials (cashmere, linen and silk) with the thermoregulating properties of the the Quallofil by Dacron® filling.
Long-lasting comfort	The tufting (entirely done by hand) keeps the materials in the perfect position.
4 Embroidered horizontal handles	Easy set up of your mattress.

+ RECOMMENDED BED BASE:

We recommend that you replace your bed base at the same time as your mattress.
The RESORT ISLAND mattress is recommended with a bed base composed of pocket springs and slats, height 17 cm
