

BLACK

ASPEN MATTRESS

Height : 30 cm

Confort : Ferme

Support : Ferme

+

THE BEST POSSIBLE COMBINATION :

With Blacksoft technology, a combination of Sensoft pocket springs and woven springs, your mattress adapts perfectly and precisely to each area of your body. Precise, targeted support that decreases pressure points and protects the spine.

- **Sleep in the position you want:** Uniformly distributed, the springs provide the same support and comfort from one end of the bed to the other. You sleep in the position you want.
- **Uninterrupted sleep** is ensured by a freedom of movement.
- **The same comfort all year long** thanks to the No Flip system®. You no longer need to flip your mattress at the change of the season.
- **Comfort without pressure** thanks to the Elivéa high resilience foam®.
- **Deep recovery at an ideal temperature** thanks to the Quallofil® cotton by Dacron®.

PRODUCT HIGHLIGHTS

Consistent comfort from one end of the mattress to the other thanks to 100% pocket coils.

- **Comfort without pressure**
- **Deep recovery at an ideal temperature**
- **Consistent comfort all year long**

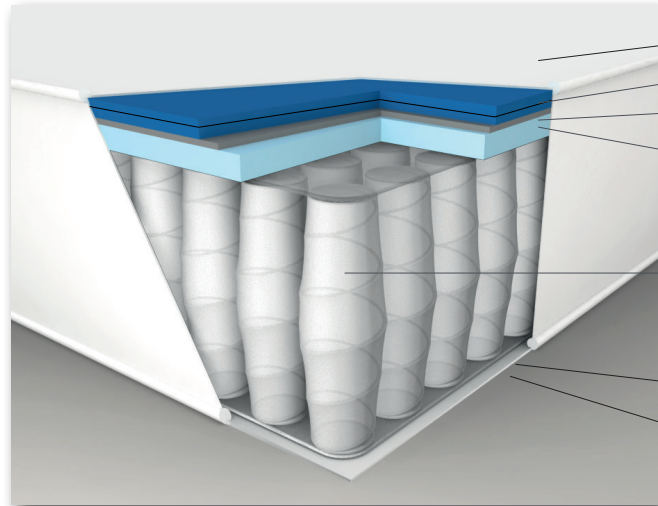

+

RECOMMENDED BED FRAME :

We recommend that you change your bed frame at the same time as your mattress.

It is recommended that you pair the ASPEN mattress with a slatted bed frame of a height of 22 cm for amplified support.

CONFORT

- Stretch ticking, 24% viscose and 76% polyester
- Firm comfort foam (34 mm)
- Quallofil® cotton by Dacron (300 gr/m²)
